

mod\_search::search  
\_structures

```
graph LR; A[mod_search::search_structures] --> B[mod_inquire::inquire_file]
```

A diagram showing a dependency between two modules. On the left, a gray rectangular box contains the text 'mod\_search::search\_structures'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'mod\_inquire::inquire\_file'. Both boxes have a black border.

mod\_inquire::inquire\_file
